Message From Our President

Greetings Members and Friends,

We had a very nice meeting in February. We had many new faces and a great turnout considering the weather. Our guest speaker was Roger Marble from OGS. He was very informative on using land records to break down those genealogy brick walls. I found his talk very interesting and helpful. He answered questions briefly after his talk. He had to catch a plane from Cleveland so he was not able to enjoy refreshments with us and allow us more time to chat.

I am really looking forward to our speaker for our March 18th meeting. He is Jack Trauth from Ravenna and he also will discuss "Genealogy and the Internet" from a slightly different viewpoint. He is a member of the Computer Assisted Genealogy Group, Cleveland Area and the February meeting was the second one he has attended. I have talked with him briefly and I think his presentation in March will be very interesting. Remember, even if you don't have a computer in your home, you do have access at most of the public libraries and many of them subscribe to Ancestry.com and/or Heritage Quest, so computer knowledge might prove very useful and enlightening to you.

Madonna Duaso will provide refreshments at our March meeting and Lois Ragan will do the honors at our April Meeting. Jackie Woodring has volunteered to do the refreshments for our May meeting. We will not have any meetings in June, July or August so you (and I) can spend our summer traveling and doing research.. I will look forward to seeing a great turn-out for our March meeting, hope you will be there too.

President, Claudia Bissler

The following articles are from the *Portage Sentinel* November 24, 1852. Some are school related and others are of general genealogical interest.

NELSON ACADEMY.

This Institution has been in successful operation for the last six months and is now continued under the direction of C. G. TERRY, Principal; Teacher of the Languages, Elocution, Rhetoric &c. H. L. WILLIAMS, Ass't; Teacher of Mathematics and Natural Sciences. Miss H. H. WHEELER, Teacher of Instrumental Music.

The winter term of this Institution will be opened December 1852, with increased facilities for imparting a thorough education. The Academy is a fine, large and commodious building, being highly adapted to ease, comfort and health of the student; in these respects it is probably not surpassed by any in the State.

The teachers take great pleasure in certifying to the ample patronage of the school since it has been under their management, having in attendance the greater part of the time over one hundred students, and feeling under obligation for this liberal patronage, they will henceforth do all in their power to render the School such an one as will be desired by both parents and pupils.

Emigration from Germany.

Previous to 1830 there was but one year during which the emigration from Germany to this country reached above 15,000. In 1832 it rose to 24,000; in 1737 to 23,000, but fell in 1843 to 23,000; the number then of persons who during the decade closing with that year, went beyond seas in search of a better fortune, averaged about 19,000 annually. From this time forth there has been a rapid increase in the extent of the emigration. In 1844 Germany sent out, in round numbers, 44,000 emigrants; in 1845, 67,000; in 1846 and '47, the famine years, more than 106,000; in 1817, '49, and '50, the years of revolutionary disturbance and political proscription, from 80,000 to 90,000 and in 1851 something more than 113,000. It is calculated that those emigrants have carried out of Germany capital to the value of \$80,000,000.

Mexican Mustang Liniment.

Every day new evidences of the value of this popular medicine reaches the ears of the public. A friend of the Editor's, a contractor on the Pacific Rail Road, told him the other day that he would not be without it on his section on any account, whatever. He finds constant use for it among his hands. The great value of this article has induced many worthless imitations, under different but similar names, but the persons who once use Bragg and Co's. Liniment will not be deceived by any vile and rascally cheat who would pain off a spurious preparation on them. For sale by I. SWIFT, Ravenna. 2w-383
